

# ***JOB OPPORTUNITY***

**CALIFORNIA STATE DEPARTMENT OF INSURANCE**

---

## **SENIOR PROGRAMMER ANALYST, SPECIALIST**

**\$5,206 - \$6,327**

**INFORMATION TECHNOLOGY DIVISION**

**SACRAMENTO**

**RESPONSIBILITIES:** Under the general direction of the ADAM Bureau Section Chief, Data Processing Manager II, the incumbent serves in a lead capacity on the most complex of tasks and acts as technical expert on complex systems analysis, design and programming in support of the department's Oracle Financials 11i Accounts Receivable as well as other client/server and Intranet/Internet CDI applications. The incumbent provides technical expertise and guidance in the development and testing of applications to meet business needs based on user specifications. Knowledge and experience in the Oracle Financials 11i Accounts Receivable is required. Knowledge and experience in the Oracle tool set including Oracle's Internet Development Suite, PL/SQL, Oracle Forms, Oracle Reports, and JDeveloper is required. Additionally, knowledge and experience using Java, MVC, Java Script, JSP Pages, HTML and CVS is required.

### **DESIRABLE QUALIFICATIONS:**

- Knowledge of Oracle Financials 11i – Accounts Receivable
- Knowledge of Oracle's Internet Application Server
- Experience using Oracle Internet Development Suite (PL/SQL, Forms, Reports and JDeveloper)
- Experience in Java using MVC, Java Script, JSP Pages, and HTML
- Knowledge of Structured Methodology and the application development lifecycle
- Ability to lead and mentor technical staff and customers in application analysis, design construction, testing, and training
- Ability to provide project leadership
- Strong knowledge and experience in systems analysis/design and computer programming techniques
- Strong testing and problem solving skills/methodology
- Willingness to work in a team environment and build from the potential assets of each team member
- Strong analytical skills as well as verbal and written communication skills
- Ability to work independently and efficiently, analyze situations, identify and solve technology problems and develop effective business solutions
- Ability to handle concurrent assignments, work under pressure and respond to change
- Ability to learn difficult concepts quickly

**WHO MAY APPLY:** Applications will be accepted from current State employees at the Senior Programmer Analyst Specialist level, those within transfer range, or those with list eligibility. All applications will be reviewed; however, only the most qualified candidates will be interviewed. Applicants currently on SROA lists or employed by a surplus department are encouraged to apply. Surplus candidates must attach a copy of their letter. ***All applicants must clearly indicate the basis of their eligibility (i.e., SROA, surplus, reemployment, reinstatement, transfer, or list eligibility) on the state application.***

**APPLICATION PROCEDURE:** Send a completed standard State of California application to Stephanie Brewer, Human Resources, Department of Insurance, 300 Capitol Mall, Suite 1300, Sacramento, CA 95814. **Please indicate "Senior Programmer Analyst-Specialist #105-1583-FIN" on the State application.** Applications received without the above information may not be considered for review. For additional information, please call (916) 492-3411.

**FINAL FILING DATE:**       **July 31, 2006 or Until Filled**

**NOTE:** Interested individuals must submit applications in order to be considered for this position.
